

27 February 1961

Dear Mr. Clifford,

Thank you for sending me the reprint of your article, "The Ladder of Industrial Growth in the Newly Developing Countries," enclosed with your letter of 22 February 1961.

I read your article with interest and have handed it to our economic staff for study. It struck me that you have hit upon a simple, yet effective set of criteria for determining economic growth.

Sincerely,

25X1A9a

Mr. Edward Clifford
